The EyeDoctors, Optometrists are pleased to announce that a new Optometrist has joined our practice. Dr. Nathan Kluttz is now accepting appointments in Junction City and Manhattan. Dr McClain, a partner with The EyeDoctors, Optometrists states that he is, “excited to have Dr. Kluttz join us. His advanced training allows him to be an excellent clinician”.

Dr. Kluttz practices full scope optometry, although he is particularly interested in pediatrics, contact lens management and ocular disease. After growing up in Manhattan, KS, Dr. Kluttz decided to stay close to home and attended Manhattan Christian College and Kansas State University where he earned his undergraduate degree. He then received his Doctorate of Optometry degree from the Oklahoma College of Optometry at Northeastern State University in 2009. His clinical training was done at various hospitals and clinics of the Cherokee Nation. Before joining The Eye Doctors in July of this year, Dr. Kluttz completed his externship at the Jack C. Montgomery VA Hospital in Muskogee, OK. His research was featured on the cover of the Journal of Vision Research.

Dr. Kluttz has a passion for people and for ocular health. He is well prepared to provide the best eye health evaluation possible. To make an appointment please call:

Junction City 785-223-5777
Manhattan 785-537-1118
