The EyeDoctors, Optometrists announces the addition of a new doctor to practice

Dr. Brown

Topeka, Kan. — The EyeDoctors, Optometrists proudly welcome Jayme Brown, O.D. to their Practice. Dr. Brown is now accepting eye appointments in Topeka, Hiawatha, and Lawrence, KS. She will also be seeing patients in Manhattan, KS for vision therapy by referral only.

Clarris Rundel, Director of Operations notes, “Dr. Brown will allow The EyeDoctors to offer Vision Therapy to patients in need of those services. She is a great addition to the practice.”

Dr. Brown is originally from Ottawa, Kansas and completed her undergraduate education at New York University where she received a degree in Neural Science. She went on to earn her Doctor of Optometry degree from The Ohio State University. Before joining The EyeDoctors, Dr. Brown completed externships at the Dayton, Ohio VA Medical Center, and a pediatric and vision therapy practice.

Dr. Brown practices full-scope optometry including contact lenses and the management of ocular disease. Pediatric eye care and **Vision Therapy** are of special interest. Dr. Brown is skilled at providing eye care for infants and children as well as for patients with special needs and brain injuries.

Dr. Brown's education, clinical training and dedication to her patients ensures a thorough eye health evaluation.
